3. When requested, offer assistance and consultation to licensees of facilities;
4. As determined appropriate by the Division, provide technical assistance and support to licensees of facilities and to caregivers;
5. Aid the Board in developing an awareness within local communities of the need to protect children by licensing operators of facilities; and
6. Develop a strong working relationship with local and state zoning, fire, health and safety officials for the purpose of evaluating facilities and licensing their operators.

[Bd. for Child Care, Child Care Facilities Reg. § 2.8, eff. 2-28-80] — (NAC A by R112-06, 4-23-2009)

INSPECTIONS, INVESTIGATIONS AND LICENSING

NAC 432A.180 Regulation of local licensing agencies by Division. ([NRS 432A.077](#))

1. Any county or city which desires to establish or has established a child care licensing agency must file a copy of any proposed ordinance or regulation for licensing facilities with the Division for review not later than 30 days before a public hearing is held on the proposed ordinance or regulation. The ordinance or regulation adopted by the county or city must be filed with the Division for its approval within 30 days after adoption.

2. Every local licensing agency shall submit on a quarterly basis to the Division a roster of all facilities in its jurisdiction which are currently licensed.

[Bd. for Child Care, Child Care Facilities Reg. §§ 2.1-2.3, eff. 2-28-80] — (NAC A 10-11-90; R112-06, 4-23-2009)

NAC 432A.190 Inspections; investigations. ([NRS 432A.077](#), [432A.170](#), [432A.180](#), [439.150](#))

1. Inspections of any building or premises of a facility pursuant to [NRS 432A.180](#) may be unannounced and must be made at least two times during the 12-month licensing period or once every 6 months. Any authorized member or employee of the Division may enter and inspect any building or premises of a facility at any time pursuant to [NRS 432A.180](#) to secure compliance with or prevent a violation of any provision of this chapter or [chapter 432A](#) of NRS.

2. In conducting inspections and investigations, the Division may call upon political subdivisions and governmental agencies for assistance. The licensee or applicant shall cooperate with the person conducting the investigation by providing access to the buildings, records required to be maintained pursuant to this chapter and staff of the facility. Failure to provide such access is a ground for revocation of a license or denial of an application for a license.

3. The Division may charge any licensee subject to a substantiated complaint for the reasonable cost of the investigation conducted as a result of the complaint. As used in this subsection, “substantiated complaint” means a complaint that results in the finding of a violation of any provision of this chapter or [chapter 432A](#) of NRS by an authorized member or employee of the Division.

4. On confirmation of the operation of an unlicensed operator of a facility, the Division or the local licensing agency shall investigate and attempt to license the operator of the facility, force discontinuance of the operation of the facility or prosecute the violation.

NAC 432A.195 Notice of violation; administrative fines; appeals. ([NRS 432A.077](#), [432A.190](#))

1. If an inspection of a facility conducted pursuant to [NRS 432A.180](#) reveals that the person who operates the facility is in violation of any provision of this chapter or [chapter 432A](#) of NRS, the Division may issue a notice of violation. The notice of violation may be issued in the form of a statement of deficiencies or a report of an inspection of the facility. The notice of violation must:

- (a) Be in writing and describe with particularity the nature of the violation;
- (b) Include the time permitted to correct the violation;
- (c) Inform the person who operates the facility of the provisions of subsections 2, 3 and 4; and
- (d) Be sent to the person who operates the facility by electronic mail or by United States mail to the last known address of the person who operates the facility.

2. The Division may impose an administrative fine in the amount of \$100 for:

(a) The failure to satisfy the requirements of this chapter or [chapter 432A](#) of NRS relating to information on the background and personal history of all persons required to be investigated during the licensing period of the facility.

(b) The failure to correct any violation of a provision of this chapter or [chapter 432A](#) of NRS within the time frame set forth in the notice of violation. A fine may be imposed for each day a facility is in noncompliance with the notice of violation.

(c) The failure to satisfy the applicable requirements for the ratio of caregivers to children pursuant to this chapter or [chapter 432A](#) of NRS two or more times during the licensing period of the facility.

(d) The failure to satisfy the requirements of this chapter or [chapter 432A](#) of NRS for training of the caregivers in the facility by the end of the licensing period of the facility.

(e) The failure to submit a completed application for reissuance before the expiration of the license of the facility, in addition to any renewal or late fee set forth in [NAC 432A.200](#) and [432A.220](#).

3. The Division may impose an administrative fine of \$200 in addition to any administrative fine prescribed by subsection 2 if the violation of a provision of this chapter or [chapter 432A](#) of NRS resulted in an injury to any person.

4. A licensee upon whom the Division imposes an administrative fine pursuant to this section may appeal that action pursuant to the procedures set forth in [NAC 439.300](#) to [439.395](#), inclusive.

NAC 432A.200 License to operate facility: Application; investigation; issuance; return.
([NRS 432A.077](#), [432A.141](#), [432A.170](#), [432A.175](#))

1. An application for an initial license to operate a facility must be:

- (a) Submitted to the Division on a form supplied by the Division; and
- (b) Accompanied by the following appropriate fee:

(1) If the facility is to provide care for 5 or 6 children.....	\$20
(2) If the facility is to provide care for 7 or more but not more than 12 children.....	60
(3) If the facility is to provide care for 13 or more but not more than 50 children.....	100
(4) If the facility is to provide care for 51 or more but not more than 100 children.....	150
(5) If the facility is to provide care for 101 or more but not more than 150 children.....	200
(6) If the facility is to provide care for 151 or more but not more than 200 children.....	250
(7) If the facility is to provide care for more than 200 children.....	300

2. After receiving a completed application and payment of the appropriate fee, the Division shall:

- (a) Conduct an investigation into the qualifications and background of:

(1) Every applicant and his or her employees, other than an educational intern who provides direct care to children for a period of less than 6 months;

(2) Every resident of the facility who is 18 years of age or older, other than a resident who remains under the jurisdiction of a court pursuant to [NRS 432B.594](#);

(3) Every participant in an outdoor youth program who is 18 years of age or older; and

(4) Every volunteer of the facility who is 18 years of age or older, other than a parent of a child who attends the facility;

(b) Inspect the buildings of the facility; and

(c) Examine the plans for care of the children and management of the facility.

3. Documentation of completed and current investigations must be kept on file at the facility for all persons required to be investigated, for the period of their presence at the facility.

4. Fingerprints must be taken and applications for investigations must be made by:

(a) Every employee or a resident of the facility who is 18 years of age or older, other than a resident who remains under the jurisdiction of a court pursuant to [NRS 432B.594](#), and every volunteer of the facility who is 18 years of age or older, other than a parent of a child who attends the facility, within 24 hours after the date of hiring or his or her presence in the facility, and every 5 years thereafter.

(b) Every participant in an outdoor youth program who is 18 years of age or older within 24 hours after the participant begins participating in the program and every 5 years thereafter.

(c) An applicant at the time that his or her application is submitted for licensure, and then at least once every 5 years after the license is issued.

(d) A licensee every 5 years after the date his or her license is originally issued.

5. The Division shall immediately notify the applicant or licensee if the investigation conducted pursuant to subsection 2 indicates that he or she or a person whose fingerprints were taken pursuant to subsection 4 has been convicted of any offense listed in subsection 2 of [NRS 432A.170](#) or has had a substantiated report of child abuse or neglect filed against him or her.

6. The license must not be issued until the Administrator of the Division is satisfied that the proposed facility will be in compliance with the applicable codes concerning safety of human life, environmental health, and building and zoning, as established respectively by the State Fire Marshal, the State Board of Health and the appropriate local government. A report of inspection by the State Fire Marshal or the Division, finding satisfactory conditions, may be accepted by the Administrator as proof of compliance with the applicable regulations.

7. With the exception of a facility that is licensed by a branch of the military or naval service of the United States, a licensee who has a license to operate a family home or a group home may not obtain a license to operate any other family home, group home or other child care facility.

8. An applicant must, before a license is issued to him or her, submit to the Division a certificate stating that he or she holds a policy of insurance for protection against liability to third persons which will meet the requirement set forth in subsection 2 of [NAC 432A.290](#). Any government, governmental agency or political subdivision of a government which operates a child care facility and is self-insured is not required to furnish a certificate of insurance to the Division.

9. If the applicant and the proposed facility are in compliance with the provisions of this chapter, as shown by his or her application and related material and the investigation, a license will be issued to the applicant within 30 days after completion of the investigation.

10. A licensee shall return to the Division his or her license if he or she ceases to operate a facility, if the license has been suspended or revoked or if the license is placed on a provisional basis.

REVISER'S NOTE.

The regulation of the Board for Child Care filed with the Secretary of State on July 1, 2004 (LCB File No. R203-03), which amended this section, contains the following provisions not included in NAC:

“Notwithstanding the amendatory provisions of subsection 7 of [NAC 432A.200](#), a licensee of a family home or a licensee of a group home who has more than one license to operate a child care facility on July 1, 2004, may:

1. Apply, pursuant to [NAC 432A.220](#), for the reissuance of each of those licenses held on July 1, 2004; and

2. Continue to operate each child care facility for which he has a license until his license to operate that child care facility is suspended, revoked or otherwise terminated.”

NAC 432A.210 License to operate facility: Contents; display; limitations. ([NRS 432A.077](#), [432A.141](#), [432A.150](#))

1. Each license must contain the name of each person authorized to operate the facility, the location of the facility, the number of children for whom care may be provided pursuant to the license and the nature of child care services which may be provided.

2. The current license issued to an operator of a facility must be signed by the Administrator of the Division or a person designated by the Administrator and conspicuously posted in a public place within the facility.

3. The license is not transferable from one licensee to another licensee or from a licensee to a person who is not a licensee. A license is valid only for the premises described in the license.

4. Except as otherwise provided in this chapter, a licensee may not care for a greater number of children than the number set forth on the license issued to the licensee.

NAC 432A.220 License to operate facility: Renewal; late fee. ([NRS 432A.077](#), [432A.141](#))

1. Except as otherwise provided in [NAC 432A.437](#), a licensee of a facility may apply for reissuance of a license by submitting an application for reissuance which must be received by the Division, or postmarked if mailed, not later than 45 days before the expiration of the license. The Division shall provide all forms and materials necessary for reissuance of a license. The Division shall charge a late fee of \$50 for an application for reissuance of a license that is received or postmarked later than 30 days before the expiration of the license.

2. After receipt of an application for reissuance of a license and the receipt of a fee for reissuance computed in the same manner described in subsection 1 of [NAC 432A.200](#), the Division shall conduct a survey to determine whether the licensee of a facility meets all of the requirements for issuance of a license set forth in [NAC 432A.200](#).

3. If, after investigation, the Division determines that the facility complies with the requirements of [NAC 432A.200](#), a license must be reissued for 1 year. A reissued license may be revoked or suspended on the same grounds as an initial license.

NAC 432A.230 License to operate facility: Disciplinary action. ([NRS 432A.077](#), [432A.190](#), [432A.200](#))

1. In addition to the grounds set forth in [NRS 432A.190](#), the Division may suspend or revoke the license of a licensee on the ground that:

(a) The health or safety of a child in the facility is being endangered; or

(b) The facility is not in compliance with standards for safety from fire and other emergencies or standards for health and sanitation as determined by the Division after an inspection of any building or premises of the facility conducted pursuant to [NRS 432A.180](#).

2. The notice of denial, suspension or revocation required by [NRS 432A.200](#) must be sent by the Division within 30 days after its determination to suspend or revoke a license or to deny an application for a license.

STANDARDS OF OPERATION

General Requirements

NAC 432A.240 Change of ownership, construction or remodeling of facilities. ([NRS 432A.077](#))

1. A building used as a facility must, upon a change of operating ownership, comply with the provisions of this chapter and applicable building and safety codes.

2. The building plans for the construction of a new facility or the remodeling of an existing facility must be submitted to the Division for review before commencement of actual construction. Review of the plans does not constitute approval of an application for a license.

[Bd. for Child Care, Child Care Facilities Reg. § 3.5, eff. 2-28-80] — (NAC A 11-1-94)

NAC 432A.250 Building and grounds. (NRS 432A.077)

1. Except as otherwise provided in this subsection, subsection 3 and [NRS 432A.078](#), in each facility there must be:

(a) At least 35 square feet of indoor space for each child, exclusive of bathrooms, halls, kitchen, stairs, storage spaces, multipurpose rooms and gymnasiums that are not regularly used.

(b) At least 37 1/2 square feet of outdoor play space for each child, as determined by the maximum number of children stated on the license for the facility. An accommodation facility need not provide outdoor play space.

2. Each facility shall:

(a) Ensure that each room of the facility which is used by children is:

(1) Maintained free of drafts and at a temperature that is not less than 65 degrees Fahrenheit and not more than 82 degrees Fahrenheit during the months of October through March and at a temperature that is not less than 68 degrees Fahrenheit and not more than 82 degrees Fahrenheit during the months of April through September; and

(2) Heated, cooled and ventilated to maintain the temperatures required in this paragraph and to avoid the accumulation of odors and fumes;

(b) Ensure that electrical devices or electrical apparatuses which are accessible to children are not located near any type of water source, including, without limitation, any sink, tub, shower area or wading pool; and

(c) Install nonflammable barriers, including, without limitation, permanent guards or shields to cover heating units, including, without limitation, hot water heating pipes and baseboard heaters with a surface temperature that is hotter than 100 degrees Fahrenheit, to ensure that those heating units are inaccessible to children.

3. A facility that provides care for ill children must have:

(a) At least 50 square feet of indoor space for each child, as determined by the maximum number of children stated on the license for the facility, exclusive of bathrooms, halls, kitchen, stairs and storage spaces.

(b) A separate ventilation system if the facility is attached to another building.

4. The play area of each facility must:

(a) Be fenced or enclosed in a manner that prevents the unsupervised departure of children from the area;

(b) Have an adequate drainage system;

(c) Be free of hazards, debris and trash;

(d) If it is an outdoor play area, provide, during the months of April through September, a shade area or shade areas that are at least equal in size to the product of 5 square feet multiplied by the total number of children in the outdoor play area;

(e) Have appropriate, as determined by the Division, depths and perimeters of resilient surfacing underneath and surrounding any elevated play equipment;

(f) Have adequate safety barriers around any elevated platforms;

(g) Not have any dangerous or poisonous plants or other vegetative matter located within the boundaries of the play area or in an area that is accessible to children from the play area;

(h) Not be in a location where any bodies of water are accessible to children; and

(i) If it has playground equipment, have only equipment that is:

(1) In good repair;

(2) Designed and constructed to minimize injury;

(3) Compatible with the age of the children in the care of the facility;

(4) Spaced to reduce accidents; and

(5) Securely anchored.

5. If a facility that provides care for ill children is a component of a child care center and provides outdoor play space, the play space must:

(a) Be separate from the play space for well children;

(b) Meet the requirements of paragraph (b) of subsection 1; and

(c) Meet the requirements of subsection 4.

REVISER'S NOTE.

The regulation of the Board for Child Care filed with the Secretary of State on April 23, 2009 (LCB File No. R032-07), which amended this section, contains the following provision not included in NAC:

“1. A child care facility is exempt from the provisions of paragraph (e) of subsection 4 of [NAC 432A.250](#), as amended by section 9 of this regulation, until the date for compliance with those provisions established by the Bureau of Services for Child Care of the Division of Child and Family Services of the Department of Health and Human Services [now the Division of Public and Behavioral Health] or an agency for the licensing of child care facilities established by a county or city, as applicable.

2. As used in this section, “child care facility” has the meaning ascribed to it in [NAC 432A.060](#).”

NAC 432A.255 Safety concerning weapons. ([NRS 432A.077](#))

1. Each facility shall ensure that weapons, including, without limitation, firearms, air rifles, bows, hunting knives or hunting slingshots, are not transported in any vehicle of the facility in which children are riding unless the weapons are made inoperable and inaccessible.

2. A licensee of a family home or group home shall ensure that any weapons in the facility are unstrung and unloaded at all times when children are in the facility.

3. A licensee of a family home or group home shall ensure that any weapons in the facility are either stored in locked containers or rooms that are out of the reach of children or are made inoperable.

4. A licensee of a family home or group home shall ensure that any ammunition and arrows in the facility are stored in separate locked containers.

5. Except as otherwise provided in this subsection and [NRS 202.3673](#), weapons are prohibited in any child care center, child care institution or facility for special events. The provisions of this subsection do not apply to a weapon carried by a peace officer or other law enforcement personnel certified by the Peace Officers' Standards and Training Commission pursuant to [NRS 289.550](#).

NAC 432A.265 Care of pets. ([NRS 432A.077](#))

1. Each facility shall ensure that any immunizations recommended by a veterinarian for a pet kept at the facility are up-to-date, regardless of whether the pet is kept inside or outside the facility.

2. Pets are only permitted in a facility if they are:

(a) In good health, present no problems of sanitation and have a temperament which is not hazardous or frightening to children;

(b) Handled in a manner which protects the well-being of the children and the pet;

(c) Inoculated as often as prescribed by a veterinarian; and

(d) Restricted from areas where food is prepared and from eating areas while meals are being served as required by state and local health agencies.

3. Each facility shall ensure that any litter boxes are kept out of the reach of young children and that play areas are cleaned of all animal feces before children are allowed access to those areas.

(Added to NAC by Bd. for Child Care by R112-06, eff. 4-23-2009)

NAC 432A.280 Plan for emergencies; drills; posting of plans; daily sign-in sheets; fire safety; maintenance and availability of reports. (NRS 432A.077, 432A.180)

1. Each licensee shall develop an appropriate plan to ensure that the staff of his or her facility is prepared to respond in an emergency, including, without limitation, a fire or natural disaster. The plan must, at a minimum, be reviewed on a quarterly basis during a meeting of the staff of the facility. Each licensee shall ensure that the plan is, at a minimum, evaluated annually and is changed as necessary.

2. Each plan developed pursuant to subsection 1 must include, without limitation:

- (a) The duties of the director and staff;
- (b) A procedure for removing staff and children to a shelter within a building of the facility if the staff and children are instructed to do so by emergency personnel;
- (c) A procedure for evacuating the facility;
- (d) A plan for transportation;
- (e) A list of sites that may be used for relocation;
- (f) A plan for the supervision of the children of the facility during the emergency;
- (g) The manner in which children and staff from the facility will be accounted for during the emergency; and

(h) The method for contacting emergency personnel, including, without limitation, the fire department, a law enforcement agency or any other appropriate authority.

3. The licensee of a facility shall hold:

- (a) A fire drill at least once every month; and
- (b) A drill for natural disasters at least once every 3 months.

4. Appropriate plans for removing the staff and children of a facility to a shelter within a building of the facility and for the evacuation of the facility in case of emergency must be conspicuously posted in a public place in the facility.

5. The director of the facility shall maintain a daily sign-in sheet that includes:

- (a) The first and last names of staff and children; and
- (b) The times of arrival and departure for staff and children.

6. To maintain his or her license, the licensee must ensure that his or her facility meets all standards for fire safety which are established by the State Fire Marshal.

7. The State Fire Marshal or a designee thereof shall, at least annually:

- (a) Enter and inspect every building or the premises of each facility; and
- (b) Observe and make recommendations regarding the drills conducted pursuant to subsection 3.

8. Reports of the drills conducted pursuant to subsection 3 and the inspections concerning the fire safety of a facility conducted pursuant to subsection 7 must be maintained in a physical file at the facility and be available for review at the facility by a parent of a child who attends the facility or a parent who is considering enrolling his or her child at the facility for at least 2 years after the date of inspection.

NAC 432A.290 Telephones; insurance for protection against liability to third persons; transportation. (NRS 432A.077)

1. Each licensee of a facility shall have a working telephone listed in a local telephone directory. A current list of emergency telephone numbers, including health agencies, fire and police departments and ambulance services must be posted adjacent to the telephone.

2. Each licensee of a facility shall have a policy of insurance for protection against liability to third persons. A certificate of insurance must be furnished by the licensee of a facility to the Division as evidence that the policy is in force. Each policy must contain a provision which requires the insurer to notify the Division before cancellation or nonrenewal of the policy. The licensee shall notify the Division if there is a lapse in the insurance coverage required by this subsection. The policy of insurance must be maintained at the facility. Any government, governmental agency or political subdivision of a government which operates a child care facility and is self-insured is not required to furnish a certificate of insurance to the Division.

3. If transportation is provided by the licensee of a facility, all children must be protected by adequate supervision by the staff, safety precautions and adequate insurance which covers liability for health or injury, medical expenses and damages caused by uninsured motorists. The licensee of a

facility shall require that each child is instructed in the conduct required for safe transportation. A driver of a vehicle used by the licensee of a facility shall:

- (a) Possess an appropriate driver's license and adequate insurance;
- (b) Not leave an unattended child in the vehicle at any time;
- (c) Ensure that a parent, or a person designated in writing by the parent, is present to take charge of a child upon delivery of the child to his or her home or the facility;
- (d) Ensure that each child boards or departs the vehicle on the side of the vehicle adjacent to a curb and that the child is safely conducted across any street encountered immediately before boarding or after departing; and
- (e) Ensure that the doors and windows of the vehicle are secure before proceeding.

4. Except as otherwise provided in this section, when transporting children, the licensee of a facility shall ensure that the ratio of caregivers to children in the vehicle satisfies the applicable requirement for the ratio of caregivers to children set forth in [NAC 432A.5205](#). When transporting children who are 2 years of age or older, a licensee of a special needs facility shall ensure that the ratio of caregivers to children in the vehicle satisfies the applicable requirement for the ratio of caregivers to children set forth in [NAC 432A.5205](#).

5. If, during the time school is in operation, the licensee of a facility provides transportation for children of school age to and from a public or private school, the ratio of staff to children in the vehicle must be not less than one member of the staff for every 15 children.

6. The licensee of a facility shall maintain a log for transportation provided by the licensee of the facility. The log must be maintained at the facility for at least 4 months after the transportation is provided. The log must include:

- (a) The name of each child who was transported;
- (b) The date the transportation was provided by the licensee of the facility;
- (c) The time of departure of the vehicle and the time the vehicle arrived at its destination;
- (d) The signature of the driver of the vehicle;
- (e) The name of each adult who was transported in the vehicle, including, without limitation, the driver of the vehicle; and
- (f) The signed verification required by subsection 7.

7. Upon arrival at the destination, one member of the staff of the facility shall mark each child off the log as the child departs the vehicle, conduct a physical inspection and visually and physically sweep the vehicle to ensure a child is not left behind in the vehicle, and include in the log signed verification that each child who was transported in the vehicle is accounted for and that the visual and physical sweeps were conducted.

- (b) Appoint a person who satisfies the qualifications set forth in [NRS 432A.1773](#) to serve as the director.

2. The licensee shall notify the Division of any appointment made pursuant to subsection 1 within 5 working days after the date of the appointment.

3. If a person was approved as a director of a facility before May 28, 2013, and in accordance with regulations adopted by the State Board of Health, the person is not required to comply with the provisions of subsection 1:

- (a) For the duration of a waiver obtained from the Division in accordance with section 3 of Assembly Bill No. 109, chapter 194, Statutes of Nevada 2013, at page 737; or
- (b) If the person did not obtain such a waiver, until January 1, 2016.

REVISER'S NOTES.

The regulation of the Board for Child Care filed with the Secretary of State on July 1, 2004 (LCB File No. R203-03), which amended this section, contains the following provisions not included in NAC:

“Sec. 19. 1. Each person who, on July 1, 2004, is employed in a child care facility, other than in an accommodation facility or a facility that provides care for ill children, or is required pursuant to the amendatory provisions of [NAC 432A.320](#) to satisfy the training and certification requirements set forth in [NAC 432A.323](#) and section 3 of this regulation [[NAC 432A.322](#)], shall:

(a) Complete the 9 hours of training required pursuant to the amendatory provisions of [NAC 432A.320](#) or subsection 1 of [NAC 432A.323](#); and

(b) Obtain the certification in the administration of cardiopulmonary resuscitation required pursuant to the provisions of [NAC 432A.320](#) or section 3 of this regulation [[NAC 432A.322](#)],

↪ within 12 months after July 1, 2004, unless the person has completed the training within the 12 months before July 1, 2004, or unless on July 1, 2004, the person is certified in the administration of cardiopulmonary resuscitation and that certification satisfies the requirements set forth in section 3 of this regulation [[NAC 432A.322](#)].

2. Evidence that such a person has completed the training required pursuant to subsection 1 and has obtained certification in the administration of cardiopulmonary resuscitation as required pursuant to subsection 1 must be included in his personnel file and must be kept at the facility.

3. With regard to training concerning the administration of first aid and the recognition of signs and symptoms of illness that is required pursuant to the amendatory provisions of [NAC 432A.323](#), the evidence listed in [NAC 432A.308](#) as adequate evidence of compliance is adequate evidence of compliance for the purposes of this section.

Sec. 20. Each person who on July 1, 2004, is a director or licensee of a child care facility or is a caretaker employed in a child care facility shall, within 12 months after July 1, 2004, and in addition to completing any training required pursuant to section 19 of this regulation and completing any course in the development of children required pursuant to [NAC 432A.306](#), complete at least:

1. Three hours of training by completing a course in the development of children; and

2. Three hours of training in child care,

↪ unless the person has completed the training within the 12 months before July 1, 2004.”

The regulation of the Board for Child Care filed with the Secretary of State on April 23, 2009 (LCB File No. 112-06), which amended this section, contains the following provision not included in NAC:

“1. Except as otherwise provided in subsection 2, each caregiver who, on the effective date of this section [April 23, 2009], is a caregiver employed in a child care facility other than a caregiver who is employed in an accommodation facility, a facility that provides care for ill children or a child care institution shall, on or before December 31, 2012, apply with The Nevada Registry or its successor organization.

2. Each caregiver who, on the effective date of this section [April 23, 2009], is a caregiver employed in a family home or in a group home shall, on or before December 31, 2011, apply with The Nevada Registry or its successor organization.

3. As used in this section:

1. Except as otherwise provided in [NRS 432A.177](#), within the first 2 weeks after commencing employment, newly employed members of the staff of a facility must be given a written and oral orientation program and be trained in the policies, procedures and programs of the facility by the director or a designee trained by the director. The orientation must address, at a minimum:

- (a) Any regulatory requirements that govern the facility;
- (b) The goals and philosophy and the policies and procedures of the facility;
- (c) Any planned programs or activities of the facility;
- (d) The policies and practices of the facility for relating to parents;
- (e) Meal patterns and food-handling policies and practices of the facility;
- (f) Dealing with occupational health hazards for caregivers, including, without limitation, paying attention to the physical health and emotional demands of the job and being aware of any special considerations required by a caregiver who is pregnant;
- (g) The emergency health and safety procedures of the facility; and
- (h) The general health and safety policies and procedures of the facility, including, without limitation, policies and procedures concerning:
 - (1) Hand-washing techniques and requirements;
 - (2) Techniques for diapering and for assisting in the use of a toilet if care is provided to children in diapers or children needing help with using a toilet, including, without limitation, techniques for the disposal of diapers and for changing diapers;
 - (3) Identifying hazards and methods for preventing injuries;
 - (4) Techniques for preparing, serving and storing food for employees who are involved in any of the activities concerning food for children at the facility;
 - (5) Excluding a child from the facility because the child has an illness, and the manner in which illnesses are transmitted between persons;
 - (6) Methods for preparing formula if formula is prepared at the facility;
 - (7) Any precautions and other measures that should be taken to prevent exposure to blood and other bodily fluids, and policies and procedures to follow in the event of exposure to blood or other bodily fluids; and

(8) The administration of medication.

2. If required by the director or owner of the facility, a member of the staff of a facility shall participate in any specialized training related to child care which is offered in the community where the facility is located.

3. A volunteer who works at least 15 hours per week in a facility and participates in specialized child care training, as defined by the director:

(a) Is a member of the staff of the facility for the purposes of this section; and

(b) Must satisfy the training and certification requirements set forth in [NAC 432A.323](#) and [432A.326](#).

4. Any training received by an employee of a facility or a volunteer who works in a facility as part of the orientation required by this section may not be applied toward meeting the training requirements set forth in [NAC 432A.323](#) and [432A.326](#).

NAC 432A.322 Certification in administration of cardiopulmonary resuscitation. ([NRS 432A.077](#))

1. Each person who is employed in a child care facility shall:

(a) Except as otherwise provided in subsection 2 and [NAC 432A.560](#) and [432A.570](#), obtain certification in the administration of cardiopulmonary resuscitation within 90 days after the person commences employment in the facility; and

(b) Maintain current certification in the administration of cardiopulmonary resuscitation.

2. A person is not required to obtain the certification required pursuant to subsection 1 if, on the date that he or she commences employment in the facility, the person is certified in the administration of cardiopulmonary resuscitation and that certification satisfies the requirements set forth in this section.

3. The certification required pursuant to subsection 1 must include certification in administering cardiopulmonary resuscitation to children and:

(a) To infants, if care is provided to infants at the facility; and

(b) To adults, if necessary to ensure that the person is certified to administer cardiopulmonary resuscitation to children of all ages for which care is provided at the facility.

4. Each course completed to obtain and maintain the certification required pursuant to subsection 1 must be taught by a certified instructor who meets the standards of a nationally or internationally recognized provider of training in cardiopulmonary resuscitation, including, without limitation, the American Heart Association, the American National Red Cross, MEDIC FIRST AID International, EMS Safety Services, or the American Safety and Health Institute.

5. Evidence that an employee has obtained and maintained current certification in the administration of cardiopulmonary resuscitation as required pursuant to this section must be included in his or her personnel file and must be kept at the facility.

NAC 432A.376 Medication. ([NRS 432A.077](#)) Except as otherwise provided in [NAC 432A.585](#):

1. Each prescribed medication must:
 - (a) Be kept in the original container which must have a child-proof lid;
 - (b) Be plainly labeled;
 - (c) Contain the name of the child or adult for whom it is prescribed; and
 - (d) Be stored in a locked cabinet or be made inaccessible to children.
2. Medications for external use must be kept in a separate section of the locked cabinet. Medications stored in a refrigerator must be made inaccessible to children. Nonprescription medications must be kept in a container with a child-proof lid.
3. Except in an emergency, only one person designated by the licensee of a facility may administer medications to children. A person designated by the licensee of a facility pursuant to this subsection must be trained in the administration of medication by a health care professional or the parent of a child cared for in the facility and authorized to administer the medication pursuant to [NRS 453.375](#) or [454.213](#).
4. The licensee of a facility shall maintain a written record containing:
 - (a) The name of each medication administered;
 - (b) The name of the child to whom it was administered; and

(c) The date and time on which it was administered on a weekly basis. The record must be kept in the child's file.

5. A prescribed medication must, upon discontinuance of use, be promptly destroyed or returned to the child's parent.

NAC 432A.380 Nutrition. ([NRS 432A.077](#))

1. To the extent set forth in subsections 3 and 4, a licensee of a facility shall meet the daily nutritional needs of each child. Meals and snacks must be of a quality and quantity which supplement the food served at home. Cultural and ethnic foods which are appropriate for children must be considered in planning meals. To the extent possible, information provided by parents concerning their child's eating habits and preferences or special needs regarding food must be considered in planning for meals.

2. A licensee of a facility shall follow the current nutrition standards for meals and snacks which are applicable to children of ages receiving care at the facility as issued by the Child and Adult Care Food Program of the United States Department of Agriculture.

3. A child who stays in a facility:

(a) For 10 hours or less in 1 day must be offered at least one meal and two snacks or two meals and one snack; and

(b) For more than 10 hours in 1 day must be offered at least two meals and two snacks or one meal and three snacks.

4. A nutritious snack must be offered to all children in the midmorning and the midafternoon. Each child must be offered food at intervals that are at least 2 hours apart and, unless the child is asleep during that time, are not more than 3 hours apart.

5. Foods and beverages which are sweet or have little nutritional value must not be served to children except as an addition to the meals or snacks served to comply with the requirements of subsections 3 and 4.

6. Every menu must be in writing, dated, planned a week in advance, and kept on file in the facility for at least 90 days after the corresponding meal is served. The licensee of a facility shall post the current menu, including any changes, in the kitchen and in a public place within the facility convenient for parental inspection. Family homes and group homes are exempt from the requirements of this subsection.

7. Meals may be brought from home to a facility for a child to consume at the facility. The bag or other container used to bring the meal to the facility must be labeled with the child's first and last name. A facility shall inform the parents of each child who is cared for in the facility that perishable items must be stored or packed in a manner that maintains the temperature of the contents.

8. A child is not allowed in the kitchen of any facility unless he or she is supervised.

9. Members of the staff of the facility must encourage the children to eat a variety of food and observe table manners.

10. Drinking water must be freely available to all children at all times.

11. Food must not be used as a basis for discipline or reward. Children should be encouraged, but must not be forced, to eat.

NAC 432A.385 Snacks and meals. (NRS 432A.077)

1. The staff of each facility shall:

- (a) Provide appropriate and adequate seating for the children at the facility during snacks and meals;
- (b) If a high chair is used, ensure that the chair:
 - (1) Is in good condition;
 - (2) Has a wide base; and
 - (3) Has a safety belt for the child;
- (c) Wash with a detergent and disinfect before and after each use of any table that is used during a snack or meal;
- (d) Allow, encourage and assist each child to feed himself or herself, including, without limitation, encouraging a child to hold and drink from a cup, use a spoon and use his or her fingers to feed himself or herself;
- (e) Offer each child drinking water at times other than during his or her regular feedings;
- (f) Discard any food that is left in a dish after a meal;
- (g) Ensure that bottles and containers of food are not kept in water longer than 5 minutes, and stir, shake and test a bottle or container of food before using the bottle or container to feed an infant;
- (h) Not hold an infant while preparing food;
- (i) On a daily basis, empty, clean and sanitize any pot used to warm a bottle or food;
- (j) Store each bottle of formula and container of food in accordance with the instructions from the manufacturer of the formula or food;
- (k) Label each bottle of formula and container of food with the name of the child to whom it belongs and the date the formula or food was prepared by the facility or was prepared or purchased by the parent;
- (l) Immediately refrigerate and label each container of breast milk provided by a parent;
- (m) Return each bottle to the appropriate parent each day;
- (n) Return any unused, open container of food to the appropriate parent each day if the child was not fed directly from the container of food; and
- (o) Develop with the parents of a child a plan for feeding the child, which must include, without limitation:
 - (1) Instructions for feeding;
 - (2) Any special dietary restrictions, including, without limitation, any allergies to food;
 - (3) A schedule of times for feeding;
 - (4) Whether the child will be fed breast milk, formula or solid food;
 - (5) If the child will be fed breast milk or formula, when to begin feeding solid food; and
 - (6) Likes and dislikes of certain foods.

2. A child who is fed with a bottle and does not hold his or her own bottle must be held by a caregiver while being fed with a bottle. The bottle must not be propped for feeding. A child who demonstrates a preference for holding a bottle during feeding may hold his or her own bottle and need not be held by a caregiver if the caregiver is directly observing the child.

3. The staff of a facility may feed a child commercially prepared baby food directly from the jar in which it was packaged or from a separate dish. If the staff feeds the child from the jar, the staff shall discard the jar after it is used.

NAC 432A.390 Standards for programs. (NRS 432A.077)

1. Every licensee of a facility shall develop a program to meet the basic needs of children for:

- (a) Good health and normal physical development;
- (b) Optimal mental growth;
- (c) Stimulating language and communicative experiences;
- (d) The attention, acceptance and affection of others;
- (e) Opportunities to experience success and to test mental, physical and social skills;
- (f) Self-identity and a sense of competence and worth;
- (g) The security provided by gentle discipline;
- (h) Relations with others which set forth the rights of adults and the rights of children;
- (i) Learning experiences planned with the aid of the child's parents which ensure harmony with the life style and cultural background of the child;
- (j) Activities which facilitate social growth and adjustment; and
- (k) The time and opportunity to learn independence and personal care.

2. A licensee of a facility shall teach each child personal hygiene. The licensee of a facility shall require all children to wash before meals and after using a toilet.

3. If the weather permits, all children must have a daily period of outdoor play. A licensee of a facility shall provide opportunities for moderate or vigorous physical activity which builds muscles. The quantity and quality of materials and equipment must be sufficient to avoid excessive competition between the children and long waiting periods to use the materials or equipment.

4. Every child who is in a facility for more than 5 hours per day must have a period for a nap during the day. A child who cannot sleep must rest or play quietly during the period provided for a nap. The licensee of a facility shall provide a cot, mat or bed for each child.

5. The amount, variety and arrangement and use of materials and equipment used in a facility must be appropriate to the developmental needs of the children cared for in the facility. Materials must be stored in a manner that allows children to select, remove and replace the materials independently or with minimal assistance.

6. Furniture must be durable, safe and intended for use by children or appropriately adapted for use by children.

7. A licensee of a facility shall provide space for the storage of the children's clothing and the storage must be within easy reach of the children.

NAC 432A.400 Discipline. (NRS 432A.077)

1. A licensee of a facility shall enhance a child's behavior through positive guidance, redirection of the child's behavior and the setting of clear-cut limits on behavior.

2. A member, employee or other person associated with a facility shall not, for any reason:

- (a) Inflict physical punishment, in any manner or form, upon any child;
- (b) Verbally abuse or threaten a child;
- (c) Make derogatory remarks about the child or the child's family;
- (d) Threaten a child with the loss of love of any person;
- (e) Threaten a child with punishment by a deity;
- (f) Subject a child to any form of punishment which pertains to food or rest or restricts the use of a toilet or other bathroom fixture;
- (g) Withhold or use physical activity as a form of punishment;
- (h) Confine a child as a form of punishment by any means, including, without limitation, in a car seat, high chair, infant carrier or jump seat; or
- (i) Subject a child to any form of punishment by other children.

→ Parental consent to allow any person within the facility to punish a child contrary to the provisions of this section is void.

3. Disciplinary measures used in a facility must be consistent with supportive, positive action, and may include:

- (a) Holding a child's arm to prevent hitting;
- (b) Bodily picking up the child and removing him or her from the group, and:
 - (1) Sitting with the child until he or she is ready to play without hitting; or
 - (2) Isolating the child under observation for no more than 10 minutes;

- (c) Informing the child in a simple, positive manner what conduct is expected while the child is in the facility;
 - (d) Praising and recognizing a child who behaves in the expected manner; and
 - (e) Directing a child who is in a situation that is creating problems to a new activity.

NAC 432A.411 Sanitary measures for changing diapers. ([NRS 432A.077](#))

1. Each area in a facility that is used for changing diapers must:
 - (a) Have a smooth, nonabrasive, impervious surface;
 - (b) Be located within close proximity to a sink that is not used for the preparation of food;
 - (c) Not be located in an area in which food is prepared;
 - (d) Have a smooth, nonabsorbent floor covering;
 - (e) Have nearby, for wet or soiled diapers, a washable receptacle that is lined with plastic and covered with a lid;
 - (f) Be kept in good repair and in a safe condition; and
 - (g) Be cleaned and disinfected after each use by removing any visible soil and applying an approved disinfectant.
2. Each soiled cloth diaper and any soiled clothing that may be contaminated with contagious matter must be stored in an individual plastic bag and be returned to the parents daily. The facility is not required to rinse or dump the contents of a diaper or the underwear of a child cared for in the facility. Each diaper used, including, without limitation, a commercial disposable diaper, must be able to contain urine and stool and minimize contamination. If cloth diapers are used on children, an absorbent inner liner and a waterproof outer covering must be provided with the diaper.
3. The staff of a facility:
 - (a) Shall discourage children from coming near an area that is used for changing diapers; and
 - (b) Shall not leave a child unattended in the diaper changing area.

NAC 432A.412 Written procedures for washing of hands. ([NRS 432A.077](#))

1. Each facility must have written procedures concerning the washing of hands.
2. The staff of a facility shall follow the procedures of the facility concerning the washing of hands and shall instruct, monitor and assist the children being cared for at the facility to ensure that the children follow the procedures.
3. The procedures concerning the washing of hands must require, without limitation, that:
 - (a) The staff of the facility wash their hands with soap from a dispenser and warm water:
 - (1) Any time that their hands come into contact with blood, mucus, vomit, feces or urine;
 - (2) Before preparing or handling food;
 - (3) Before engaging in any activity related to serving food, including, without limitation, setting the table;
 - (4) Before and after eating a meal or snack;
 - (5) After using the toilet, helping a child use the toilet or changing a diaper with or without gloves;
 - (6) After attending to an ill child;
 - (7) After handling an animal;
 - (8) Before and after giving medication to a child; and
 - (9) After cleaning a container used to store garbage or handling garbage.
 - (b) The children being cared for in the facility wash their hands with soap from a dispenser and warm water:

- (1) Any time that their hands come into contact with blood, mucus, vomit, feces or urine;
 - (2) Before handling food;
 - (3) Before and after eating a meal or snack;
 - (4) After handling an animal;
 - (5) After the diaper or underwear of the child is changed;
 - (6) After playing in water; and
 - (7) After playing in a sandbox.
- (c) The staff of the facility shall ensure that:
- (1) Each bathroom has running water, soap and single-use or disposable towels; and
 - (2) Any common basin or sink which is filled with standing water is not used for the washing of hands.
- (Added to NAC by Bd. for Child Care by R203-97, eff. 4-1-98; A by R047-98, 6-10-98; R112-06, 4-23-2009)

NAC 432A.413 Written guidelines for toilet training. ([NRS 432A.077](#))

1. Each facility shall develop written guidelines concerning the methods used by the staff of the facility for toilet training and the use of appropriate equipment and clothing for such training.
 2. The guidelines concerning toilet training must be distributed to each parent of each child being cared for at the facility who is not yet toilet trained.
 3. The guidelines must require the staff of the facility:
 - (a) Not to force a child to remain on the toilet for a prolonged period of time or punish a child for wetting or soiling his or her clothing;
 - (b) Not to leave a child unattended while the child is sitting on a potty-chair or on the toilet;
 - (c) To instruct and assist the children in washing their hands after using the toilet; and
 - (d) If a potty-chair is used to train a child to use the toilet, to:
 - (1) Place the potty-chair on a washable, impervious floor;
 - (2) Use the potty-chair in accordance with the instructions from the manufacturer;
 - (3) Ensure that the potty-chair is stored and used in an area that is not in close proximity to an area used for the preparation of food;
 - (4) Empty the potty-chair into a toilet immediately after each use;
 - (5) Thoroughly clean and disinfect the potty-chair after each use; and
 - (6) Disinfect the utility sink where the potty-chair was cleaned.

NAC 432A.414 Sanitary measures for floors, rugs, carpets and nonporous surfaces. ([NRS 432A.077](#))

1. A carpeted floor or rug on a floor that is too large to wash in a washing machine must be vacuumed not less than one time each day or more often if necessary and cleaned not less than one time every 3 months or more often if necessary. If the carpeted floor or rug is cleaned by a member of the staff of the facility using a carpet cleaning machine, the Division may require the carpeted floor or rug to be professionally cleaned if the carpeted floor or rug does not appear to be clean.
 2. Each floor of a facility that is not carpeted must be swept and mopped not less than one time each day or more often if necessary.
 3. When cleaning a nonporous surface in a facility, including, without limitation, cleaning toys, cribs, tables, high chairs and surfaces used to change diapers, the staff of the facility shall:
 - (a) Clean the surface first with soap and water to remove any dirt or debris; and
 - (b) Disinfect the surface with a disinfecting agent.
 4. The disinfecting agent used pursuant to subsection 3 must consist of:
 - (a) One-fourth of a cup of liquid chlorine bleach added to 1 gallon of water that is prepared fresh daily and kept in a closed container;
 - (b) One tablespoon of liquid chlorine bleach added to 1 quart of water that is prepared fresh daily; or
 - (c) A solution that is approved by the appropriate state or local agency and is at least as effective as the solutions described in paragraphs (a) and (b).

NAC 432A.415 Safety and sanitation of toys, equipment and other objects and material used for play. (NRS 432A.077)

1. Equipment and any material other than a toy that is used for play in a facility must be durable and free from characteristics that may be hazardous or injurious to a child who is less than 2 years of age, including, without limitation, such characteristics as sharp or rough edges, toxic paint or objects that are small enough for a child of that age to swallow and choke on.

2. Any object, toy or component of a toy that is accessible by a child who is less than 3 years of age at a facility must meet the federal size requirements set forth in 16 C.F.R. § 1501.4.

3. Toys with sharp points or edges, plastic bags and objects made from Styrofoam must not be accessible to a child who is less than 3 years of age.

4. A toy or any other piece of equipment that is used for play must be made of a material that is capable of being disinfected and must be cleaned and disinfected promptly after the toy or other piece of equipment has been soiled or put into the mouth of a child, or not less than one time each day.

5. The staff of a facility shall not provide a stuffed animal to any child unless the stuffed animal is laundered or disinfected not less than one time each day or more often if necessary.

6. Toys must not be placed in a crib at any time. The staff of a facility shall adhere to any requirement set forth on the label of a toy regarding the safe use of the toy.

7. Each room at a facility that is used for play and other activities for children must have:

(a) Low, open shelves to store toys;

(b) An adequate supply of toys that are in good condition and appropriate for the age of the children;

(c) Tables and chairs that are the appropriate size for the children; and

(d) Any other equipment that is necessary to meet the needs of the children.

8. Any toy that is broken or has a missing part must be repaired or replaced before the toy may be used in the facility.

9. Walkers for children that are designed to be moved across the floor must not be used in a facility.

NAC 432A.416 Sleeping devices; napping. (NRS 432A.077)

1. Each member of the staff of a facility that is necessary to meet the applicable requirement for the ratio of caregivers to children set forth in [NAC 432A.5205](#) for napping or sleeping children must be on the same floor in the same building where the children are napping or sleeping. Members of the staff of each facility must be readily accessible and available to be summoned to ensure the safety of the children in the facility.

2. Areas provided for napping or sleeping in a facility must be sufficiently lighted to provide for visual supervision of the children at all times.

3. The staff of each facility shall:

(a) Ensure that each infant under 12 months of age is placed on his or her back on a firm mattress, mat or pad manufactured for use by an infant when the infant is napping or sleeping;

(b) Use a safe, sturdy, well-constructed, single-level, free-standing crib, portable crib or playpen for children to nap or sleep in;

(c) Equip any such sleeping device with a waterproof, firm-fitting mattress;

(d) Ensure that each crib to be used by a child who is 6 months of age or younger is constructed with vertical slats that are not more than 2 3/8 inches apart;

(e) Ensure that a child who is 18 months of age or younger naps or sleeps in a crib which is appropriate for his or her age or in another sleeping device which has been approved by the Division;

(f) Ensure that a child who is older than 18 months of age naps or sleeps in an appropriate crib or on a cot or mat;

(g) Ensure that each sleeping device has appropriate bedding and a waterproof and washable covering;

(h) Wipe clean each sleeping device with a disinfectant not less than one time each week or more often if necessary;

(i) Ensure that the bedding that each child uses is used only for that particular child;

(j) Replace the bedding each time it is wet or soiled by a child or when the sleeping device is to be used by another child;

(k) Within 15 minutes after a child in a crib has awakened from a nap or from sleeping, take the child out of the crib and engage him or her in an appropriate activity;

(l) Ensure that each child takes a nap as needed;

(m) Ensure that each napping or sleeping child is in an area from which the staff can readily hear and see the child; and

(n) Ensure that each napping or sleeping child is checked by a caregiver not less than one time every 15 minutes.

4. The staff of a facility shall not change the diaper of a child in a crib or other sleeping device.

5. The staff of a facility shall not use a waterbed, sofa, soft mattress, pillow or any other soft surface as a surface on which to place an infant under 12 months of age to nap or sleep.

Additional Requirements for Certain Types of Facilities

NAC 432A.425 Nurseries for infants and toddlers: General requirements. ([NRS 432A.077, 432A.1771](#))

1. The director or a designated member of the staff of a nursery for infants and toddlers or other facility that enrolls infants and toddlers shall discuss policies concerning the health of an infant or toddler with the parents before enrollment of the child. Every parent must be given a description of and agree in writing to the following matters concerning the child:

- (a) Feeding;
- (b) Diapering;
- (c) Changes of clothing, which are to be provided by the parents;
- (d) Bathing, including, without limitation, the kind of soap to be used;
- (e) Precautions against infectious disease;
- (f) Sleeping;
- (g) Toilet training;
- (h) Daily reports to the parents;
- (i) Any special precautions regarding the health and safety of the child; and
- (j) Any other information deemed necessary by the facility or the Division.

2. A caregiver must be assigned to a specific group of infants on a continuing basis.

3. Except as otherwise provided in paragraph (n) of subsection 3 of [NAC 432A.416](#), each infant and toddler must be under direct visual observation by a qualified caregiver at all times.

4. Each infant and toddler must be given undivided attention by the same caregiver for at least 30 minutes in the morning and 30 minutes in the afternoon, including periods of feeding and bathing. The caregiver shall, during this time:

- (a) Hold and talk to the child;
- (b) Encourage the development of the child's coordination by allowing him or her to reach for, grasp, creep, crawl or pull up;
- (c) Give toddlers the opportunity to develop the large muscles of the body by activities such as climbing and walking; and
- (d) Encourage the child to interact socially through playing, using language and solving problems using materials and equipment that are appropriate for the age of the child. Infants under 6 months of age must be provided an additional period of not less than 2 hours of activity each day out of the crib, for example, in a playpen or other suitable area.

5. Each licensee of a facility shall provide an indoor area which is covered by a soft or nonabrasive material and is protected from traveled walkways where crawling children can be on the floor for at least a part of the day.

6. A caregiver may take the infant or toddler assigned to him or her outside or to areas of the facility other than their usual room for a part of each day to provide a change in their physical environment and to increase opportunities for social interaction.

7. When weather permits, each toddler over 12 months of age must be taken outside for a portion of each day. If the weather is extremely hot, the toddler must be kept in a shaded area while outdoors.

8. An infant who is awake must not be left in a crib for long periods without direct adult care and never for more than 15 minutes at a time.

9. The staff of a nursery for infants and toddlers shall separate the infants from the toddlers while the toddlers are engaging in physical activities.

10. There must be a resilient surface under equipment that is used for playing and climbing at a nursery for infants and toddlers. Such equipment must be appropriate for the age of the children using the equipment.

11. The staff of a nursery for infants and toddlers shall promote the healthy development of toddlers by:

- (a) Expressing feelings with words;
- (b) Giving directions that are worded in a positive manner;
- (c) Modeling desirable behavior; and
- (d) Redirecting behavior.

12. The staff of a nursery for infants and toddlers shall not discipline or punish an infant or toddler by confining him or her to a crib, high chair, playpen or other such piece of furniture or equipment.

13. The staff of a nursery for infants and toddlers shall prepare a daily report for each child for whom it provides care. The report must be posted in a conspicuous place in each room used to care for the infants and toddlers and must include, without limitation, information concerning the feeding, diapering and sleeping of each child.

14. Each licensee of a facility shall provide an appropriate, private area on the premises where a mother may breastfeed.

NAC 432A.430 Early care and education programs. ([NRS 432A.077](#))

1. Each facility, including, without limitation, a family home and a group home, shall have an early care and education program.

2. Each facility described in subsection 1 shall develop a written assessment plan which is designed to, without limitation:

- (a) Identify the interests and needs of each child enrolled in the facility;
- (b) Describe the developmental and educational progress of each child enrolled in the facility who is not attending public or private elementary school;
- (c) Identify the need for and referral of a child enrolled in the facility for developmental screening and the referral of the child for diagnostic assessment, if appropriate;
- (d) Describe the methodology for developing curriculum for the children enrolled in the facility;
- (e) Adapt teaching practices and the environment to the children enrolled in the facility;
- (f) Facilitate the early care and education program required pursuant to subsection 1; and
- (g) Promote communication with the family of a child enrolled in the facility.

3. In addition to the written assessment plan which is developed pursuant to subsection 2, each facility described in subsection 1 shall, within 3 months after a child enrolls in the facility, assess the child by use of, without limitation, portfolios, observations, checklists, rating scales and screening tools. Such an assessment must be repeated biannually thereafter to monitor and support the learning and development of each child enrolled in the facility.

4. Each facility described in subsection 1 shall develop a written plan of curriculum for the children enrolled in the facility. The plan must:

- (a) Be made available for parental review;
- (b) Be prepared before the early care and education program becomes effective;
- (c) Be kept on file at the facility for at least 1 year;
- (d) Include a program of speaking and listening to English;
- (e) Integrate age appropriate key areas of instruction, including, without limitation, literacy, mathematics, science, social studies, creative expression and the arts, and health and safety;
- (f) Incorporate age-appropriate instruction, concepts and activities that foster the social, emotional, physical, linguistic and cognitive development of children, which must include, without limitation, moderate or vigorous physical activity;
- (g) Provide for the involvement of parents of the children enrolled in the facility in learning activities at the facility and at home; and
- (h) Ensure that sedentary activity is limited throughout the day.

5. Each facility described in subsection 1 shall provide materials and equipment to carry out the written plan of curriculum developed pursuant to subsection 4 that:

- (a) Reflect the lives of the children and the families of the children enrolled in the facility;
- (b) Reflect the diversity of the children in our society with regard to the gender, age, native language, ethnicity, culture and abilities of the children enrolled in the facility;
- (c) Provide for the safety of the children enrolled in the facility while being appropriately challenging for the children;
- (d) Encourage the children enrolled in the facility to explore, experiment and discover new information and ideas;
- (e) Promote action on the part of the children enrolled in the facility and interaction among the children enrolled in the facility;
- (f) Are organized in a manner which facilitates independent use of the materials and equipment by a child enrolled in the facility;
- (g) Are rotated to reflect changes in the curriculum and to accommodate the different interests and skill levels of the children enrolled in the facility;
- (h) Allow for a variety of uses; and
- (i) Accommodate the special needs of the children enrolled in the facility.

REVISER'S NOTE.

The regulation of the Board for Child Care filed with the Secretary of State on June 10, 1998 (LCB File No. R047-98), contains the following provisions not included in NAC regarding the amendment of this section by LCB File No. R203-97:

- “1. A person who was approved before April 1, 1998, as:
 - (a) Director of a facility for which a director is required other than an accommodation facility or a family or group home;
 - (b) Director of a nursery for infants and toddlers;
 - (c) Program director of a preschool; or
 - (d) Director of a special needs facility,
 is not required to satisfy the amendatory provisions regarding the qualifications of directors set forth in LCB File No. R203-97, which was adopted by the Board for Child Care and was filed with the Secretary of State on April 1, 1998, so long as the person remains at the facility in that capacity.
- 2. If the person wishes to become director of a different facility or of a different program within his current facility, he must satisfy the amendatory provisions regarding the qualifications of directors set forth in LCB File No. R203-97, which was adopted by the Board for Child Care and was filed with the Secretary of State on April 1, 1998.”

NAC 432A.435 Accommodation facilities. (NRS 432A.077)

1. During the hours of operation, each accommodation facility must have a person on duty who is designated as the person responsible for the operation of the facility.
2. An accommodation facility may care for a child for not longer than 3 1/2 hours in any 24-hour period while the adult responsible for placing the child in the accommodation facility remains on the premises of the business establishment which operates the accommodation facility.
3. The accommodation facility must maintain a daily attendance record which includes the name of each child cared for in the facility, the child's date of birth, the names of his or her parents or guardians, the home address and telephone number of the parents or guardians, the time of arrival and departure of the child and the name of a person to contact in the case of an emergency.
4. The accommodation facility must be located in a separate section of the business establishment and enclosed from the other business conducted in the establishment. If the accommodation facility is operated by a business that is licensed to sell or dispense alcohol or to conduct gaming in any form, the accommodation facility must be physically located in such a manner that the sale and dispensing of alcohol and the participation in gaming ventures are isolated and obscured from the view and hearing of the children in the accommodation facility.
5. No medication may be administered to a child in an accommodation facility.

NAC 432A.436 Extended care accommodation facilities. (NRS 432A.077)

1. Each extended care accommodation facility must have:
 - (a) A designated napping area for all children cared for in the facility; and
 - (b) A separate area designated for infants and toddlers.

2. Any meals or snacks provided by an extended care accommodation facility pursuant to [NAC 432A.385](#) may be provided by the facility or a parent of a child cared for in the facility. Food prepared at home by a parent of a child cared for in the facility may only be consumed by that child at the facility in accordance with state and local health agencies.

3. In addition to the 35 square feet of indoor space for each child required by [NAC 432A.250](#), an extended care accommodation facility must have:

(a) A designated indoor area that provides sufficient space for physical activity, including, without limitation, climbing, basketball, dancing and gymnastics; and

(b) Either a separate designated indoor area that provides sufficient area for physical activity for infants and toddlers, or a time in which the designated indoor area described in paragraph (a) is used only for infants and toddlers.

4. An extended care accommodation facility may care for a child for not longer than 5 hours in any 24-hour period.

5. An extended care accommodation facility shall not operate as a preschool.

6. An extended care accommodation facility shall obtain the full name, address and telephone number or pager number of at least two persons who may be contacted by the facility in an emergency involving the child.

7. An extended care accommodation facility shall not provide field trips for children cared for in the facility.

NAC 432A.438 Facilities for special events: Requirements for care of children; records; procedures for emergencies; field trips. ([NRS 432A.077](#))

1. Child care that is provided by a facility for special events may be provided only:

(a) To the children of persons who are attending the special event; and

(b) On the dates on which the special event is occurring and may not be provided for more than:

(1) Seven days; and

(2) Ten hours in 1 day.

2. A parent of a child who is receiving child care services from a facility for special events must provide to the facility the full name, address and telephone number or pager number of at least two persons who may be contacted by the facility in an emergency involving the child.

3. A facility for special events shall provide and accurately maintain a sheet for signing children and members of the staff in and out of the facility.

4. A facility for special events must be physically located in such a manner that any sale or dispensing of alcohol and any participation in gaming ventures are obscured from the view and hearing of the children in the facility.

5. The records of the children receiving child care from a facility for special events must be maintained on-site at the facility. A parent of a child receiving care from a facility for special events must provide proper photo identification to remove the child from the facility. The facility will allow a child to be removed from the facility by a parent of the child only if the parent:

(a) Provides the facility with proper photo identification; and

(b) Is preauthorized as a person who is allowed to remove the child from the facility.

6. Any immunization records required by [NRS 432A.230](#) for enrollment in a facility for special events may be sent by facsimile to the facility.

7. Each facility for special events shall ensure that a parent of a child is notified upon checking the child into the facility of an off-site emergency location where the children receiving care at the facility will be taken if the facility is evacuated. The emergency location must:

(a) Be predetermined by the facility after consultation with and approval of the security department of the business at which the special event is being held, if any; and

(b) Not be above the main floor of the facility at which the special event is being held.

8. Each facility for special events shall ensure that a manager who is 21 years of age or older is on duty at the specific area in which child care is being provided at all times that child care is being provided by the facility.

9. Each facility for special events shall ensure that a child who is receiving child care from the facility and who is 5 years of age or less does not participate in any field trips sponsored by the facility unless the child is accompanied by a parent.

10. A facility for special events shall submit to the Division a program plan for each field trip the facility plans at least 14 days before the field trip is to occur. The plan must include, without limitation:

(a) The company that will be providing the transportation;

(b) An itinerary of the field trip;

(c) An estimated time of departure for and return from the field trip;

(d) The plan for food service, which must comply with any applicable requirements of state and local health agencies;

(e) The approximate ages and number of children who will be participating in the field trip;

(f) Lists for the members of the staff of the facility that identify the group of children for whom each member of the staff will be responsible during the field trip;

(g) A system of identification that will be prominently displayed and will assist each member of the staff in readily identifying each child who is in the group of children for whom the member of the staff of the facility will be responsible during the field trip;

(h) Copies of the notices of the field trip that were sent to and authorized by a parent of each child who will be participating in the field trip; and

(i) For each child who will be participating in the field trip:

(1) The telephone number and names of at least two persons who may be contacted by the facility in an emergency involving the child; and

(2) A statement signed by a parent of the child indicating that the child does not have any health issues that would prevent the child from participating in the field trip.

- 4. The director, or a person to whom he or she has delegated responsibility, must be available to parents and the Division at all times.
- 5. The licensee of an institution shall notify the parents of a child of the child's discharge within a reasonable time before the discharge. Discharge of a child must be a part of a planned program which was established after informing the child and his or her parents. Upon discharge, the licensee of an institution shall provide pertinent information regarding the child's health to the person receiving the child.
- 6. A representative of the Division who is authorized by the Administrator of the Division must have access to any report of an institution which is pertinent to licensing.
- 7. Each licensee of an institution shall develop a list of clothing which is required for each child at the institution and shall maintain the child's wardrobe at a level which is comparable to that of other children in the community. Each child's clothing must, by a label or marking, be identified as belonging to the particular child. Children must, to the greatest extent feasible, be allowed to participate in the selection and purchase of their clothing. Donated clothing may be used at an institution only if it is suitable for use and in good condition.
- 8. Any serious illness or hospitalization of a child must be reported to the child's parent.
- 9. Each licensee of an institution shall arrange with a physician licensed in this State or with a clinic employing a physician to serve as the medical director of or consultant to the institution and to be responsible for a program of medical care within the institution, which includes visits to the institution and office visits.
- 10. Each child must receive adequate dental care.
- 11. Each licensee of an institution shall provide:
 - (a) Separate toilets and bathrooms for children of each sex who are over 6 years of age;
 - (b) Separate bath and toilet facilities for the staff;
 - (c) One toilet for every eight children, one tub or shower for every eight children and one washbasin for every four children; and
 - (d) At least one toilet and washbasin near every living room and recreation area.
- 12. A licensee of an institution shall:
 - (a) Provide each child with a bed for the child's own use, which must be at least 30 inches wide, of a length which is adequate for the child's height and the bottom of which is at least 6 inches above the floor;
 - (b) Provide separate sleeping areas for boys and girls;
 - (c) House no more than four children in one sleeping area, except that partitions may be used in large areas;
 - (d) Keep all beds at least 3 feet apart at the head, foot and sides;

- (e) Provide each bed with level box springs, a comfortable and supportive mattress in good condition, a pillow, two sheets and coverings which are sufficient for the child's comfort;
- (f) Provide a complete change of clean bed linens at least once a week; and
- (g) Provide each child with a closet, locker or dresser for clothing and personal belongings, access to which must be reserved solely to the child.

NAC 432A.450 Institutions: Programs; use of isolation and restraints. ([NRS 432A.077, 432A.177](#))

1. Each licensee of an institution shall:

(a) Formulate, in writing, a statement of:

(1) The services and specific programs offered; and

(2) The procedure for admission and the information which must be contained in an application for admission.

(b) Obtain or develop a complete social study of each child not later than 30 days after his or her admission.

(c) If caring for a child for money, enter into a written agreement with the parent of the child which outlines the duties and responsibilities of each party.

2. Each licensee of an institution shall:

(a) Establish a regular program of activities which has sufficient flexibility to respond to the needs of each child;

(b) Integrate the institutional programs with activities in the community in a manner that allows children to participate in the normal living patterns of the community;

(c) Maintain and develop constructive relationships between the child and his or her parents, brothers and sisters, other relatives and members of the staff of the institution;

(d) Make the greatest use of small groups of persons to aid in developing the individuality of the child and helping him or her to attain a sense of personal identity;

(e) Establish a program of personal hygiene for every child;

(f) Provide every child with his or her own toiletries, including a toothbrush and comb, and with clean towels and washcloths;

(g) Provide space for individual storage of toiletries; and

(h) Establish policies governing the social, emotional, physical and intellectual development of each child.

3. Each licensee of an institution shall provide supervised work for each child which is appropriate to the age, health and abilities of the child. Work must be assigned for the purpose of training and contributing to the growth of the particular child. Work must not interfere with the child's time for school, periods of study, play and sleep, normal relations within the community or visits with his or her family.

4. A licensee of an institution shall establish a written policy which sets forth:

(a) Any daily chores that a child is expected to perform; and

(b) Any merit system that will be used by the institution to provide consequences to a child for his or her conduct.

5. A licensee of an institution shall not use any child to solicit money for the institution in any way which would be harmful or cause embarrassment to the child or his or her family. The written

consent of the parent or legal guardian must be obtained before an institution may use a child's picture or name in any written, visual or oral system of communication.

6. Each licensee of an institution shall have written policies on religious training. The consent of a child's parent must be obtained before a child may attend church or receive religious instruction.

7. Each licensee of an institution is responsible for providing academic or vocational training to each child. The licensee of an institution shall, by using resources in the community, provide specialized training for children who are unable to benefit from a regular school program because of their physical, mental or emotional disabilities.

8. Recreation and programs of activity must be planned as an integral part of the institution's total program.

9. Each licensee of an institution shall have a written, planned program to supervise the children's health and provide medical and dental care.

10. Each licensee of an institution shall provide a statement outlining the policies and procedures concerning the use of isolation or restraints on the children in the institution. The members of the staff of the institution must be trained and certified through a nationally recognized organization concerning the use of restraints. If isolation or restraints are used, a committee established by the institution must evaluate and review the process concerning the use of isolation or restraints within 30 days after isolation or restraints are used to determine:

- (a) Whether safety guidelines were followed by the institution;
- (b) The effectiveness of the process concerning modifying the behavior of the child; and
- (c) The institution's compliance with the written policies and procedures of the institution.

Staffing Requirements; Number of Children

NAC 432A.520 General requirements; requirements for field trips. ([NRS 432A.077](#))

1. A licensee of a child care facility shall have a staff which is sufficient in number to provide physical care, supervision and individual attention to each child and allow time for interaction between the staff and the children to promote the children's social competence, emotional well-being and intellectual development.

2. Except as otherwise provided in subsection 3, in addition to the number of caregivers that are required to satisfy the applicable ratio of caregivers to children set forth in [NAC 432A.5205](#), one additional caregiver or an adult volunteer per each group of children must be present on all field trips away from the child care facility to assist in providing direct supervision to the children and to increase the safety of the children.

3. The provisions of subsection 2 do not apply:

(a) If the purpose for leaving the child care facility is to transport the children from the child care facility to another location and, upon reaching that location, the responsibility for caring for the children is assumed by another adult.

(b) To a group of children that is composed entirely of children of school age, including children who are attending kindergarten.

4. A member of the staff of a facility who is supervising a child pursuant to subsection 1 must:

(a) Be physically present in the room where the child being supervised is present;

(b) Observe, oversee and guide the child;

(c) Be aware of the needs of the child and accountable for the care of the child; and

(d) Maintain a proximity to the child that allows the member of the staff to be capable of intervening if assistance or direction is needed by the child.
